Hi Keith,

Please see the e-mail below from [redacted]

I would be grateful if you would advise if the Committee would welcome an informal session with the PHA, and if so, when you would like this meeting to take place. I will notify [redacted] accordingly.

Many Thanks

Subject: Informal Briefing to Health Committee - PHA

Good Afternoon [redacted]

Further to a series of recent assembly questions and FOI in relation to suspected childhood cancer cluster in Mid-Ulster, the PHA have proposed an informal briefing to the Health Committee.

This would be to reassure them of the work they have completed to investigate the claims with NICR.

Can you advise what the process is to arrange this informal briefing?

Thanks

Hi [redacted],

I have spoken to Philip and he has asked if PHA would be available on Thursday morning for a short meeting. He is unavailable between 10:45 and 11:45, but free before or after that.

Happy to be in person at Parliament Buildings or online.

Thanks
Keith

Importance: High

HI Keith,

Dr McClean is in Dublin for the next few days so we will be likely unable to confirm for Thursday morning.

Would Philip have any availability next week for the meeting?

Sorry for the hassle.

Regards,

[redacted]
