

AQW 11006/11-15
15 May 2012

Roy Beggs has asked:

To ask the Minister of Education, pursuant to AQW 707/11-15, to detail (i) the rate, per thousand, of post-primary school pupils who have less than 85 percent attendance, broken down by (a) council area; and (b) electoral ward; and (ii) what action is being taken to reduce the levels of absenteeism.

The Department collects pupil level attendance information which allows for in-depth analysis of patterns and levels of absence, by school and pupil characteristics, informing how current approaches to tackling poor attendance might be more effectively targeted.

The Education Welfare Service (EWS) receives referrals from schools when pupils' attendance is a cause for concern or when attendance drops below 85%. The EWS also supports schools through proactive work on attendance strategies and advising on attendance policy.

My Department recently commissioned a research study to identify strategies which are successful in improving attendance in schools serving deprived areas. The findings of the research will be published in May 2012 and my Department will be working with EWS to develop guidance for schools on promoting good attendance.

My Department regards non-attendance at school as a symptom of an underlying problem and additional steps are being taken to address the issues which are faced by vulnerable groups such as Traveller pupils and looked after children.

The table below details the rate per thousand of Post-primary school pupils enrolled with less than 85% attendance by District Council Area in 2010/11

District Council Area	Rate per thousand enrolments with less than 85% attendance
ANTRIM	127.4

Notes on data

The data refers to all pupils enrolled in Years 8 - 12 in 2010/11.

Pupil level information refers to the number of pupil enrolments rather than the number of pupils. A pupil can move schools during the year and will therefore have an attendance record at more than one school.

Pupil residence is used for this analysis; therefore the District Council and Ward refer to where the pupil lives, rather than to where the school is located.

Postcode was not recorded for 1,246 enrolments therefore they could not be included in this analysis. Of these, 261 had less than 85% attendance (1.9% of the total group with less than 85% attendance).

Some rates are based on a small number of pupils resident in a ward. The attendance of one pupil may significantly impact on that ward's rate/1,000.
