**Andy Allen MLA**  
**Northern Ireland Assembly**  
**Parliament Buildings**  
**Ballymiscaw**  
**Stormont**

**AQW 2517/16-21**

**Mr Allen has asked**

The Minister for Communities to detail the amount of investment in sporting facilities since 2006, broken down by facility.

**Answer**

The former Department of Social Development (DSD) and the former Department of Culture, Arts and Leisure (DCAL), invested in a range of sporting facilities since 2006. In addition, Sport NI, an arms length body of DCAL, and now of the Department of Communities, also invested in sporting facilities.

During the period April 2006 to March 2016, Sport NI invested total funding of £103,908,748 in sports facilities.

The Department for Communities Retention and Disposal Schedule means that financial records are not held beyond six years. Therefore the investment details relating to the former Departments, DSD and DCAL, relate to the 6 year

period April 2009 to March 2016. Expenditure for financial year 2016/17 is not included as it is ongoing and has not been finalised.

During the period April 2009 to March 2016 the Department of Communities (excluding Sport NI) invested a total of £73,952,606.61 in sporting facilities.

In addition, the former DSD was able to allocate European Peace Funding totalling €9,146,928 and £30,675,989 to sports projects for the period 2007 to 2013.

The details of all investments in sports facilities broken down by facility have been made available through the Assembly Library.
