To ask the Minister of Agriculture, Environment and Rural Affairs to detail the number of instances of dumping of tyres, in each of the last five years, broken down by constituency

- There is no centralised record detailing the number of times tyres have been dumped in Northern Ireland. District Councils (DCs) and other public bodies may remove tyres deposited on their own land, without the legal requirement to inform my Department.
- The number of incidents where NIEA has arranged tyre removal, through the Flytipping Protocol are set out, by DC, in the attached table. The weight of tyres that NIEA has had removed and the associated costs have also been included.
