The current (2021/22) and planned (2022/23 & 2023/24) maintenance schemes for West Tyrone are set out in the tables below.

It should be noted that the delivery of the schemes not yet started this year or currently programmed for the next two years will be subject to a number of factors including the necessary scheme design work being completed and approvals obtained, sufficient funding being available and, potentially, the impact of an ongoing Covid-19 pandemic and lockdown on construction work.

### Investment Programme for West Tyrone
