

24 January 2012
AQW 6153/11-15

Trevor Lunn has asked:

To ask the Minister of Education to list the schools which can hold the pupil numbers recommended in the Bain Report, broken down by school type.

In the Report of the Independent Strategic Review of Education (the Bain Report) it was recommended that the minimum enrolments for new primary schools (Years 1-7) should be 140 pupils in urban areas and 105 pupils in rural areas and for Years 8-12 in new post primary schools should be 500 pupils. It was recommended that the minimum enrolment for a new sixth form in an 11-18 school should be 100 pupils.

The Department's sustainable schools policy classifies schools located within the Belfast and Derry District Council areas as urban. Schools located in other areas are considered rural.

Schools which have an approved enrolment number in 2011/12 that falls within the recommended minimum enrolments are detailed below.
