03 December 2021

Dear Dr Browne,

Public Accounts Committee Evidence Session

The Committee would like to thank you for your attendance yesterday. Members found the evidence presented very useful.

The Committee has requested some further information on the 'Healthy Happy Minds' initiative:

- Which schools are participating?
- How long will the pilot scheme run?
- How much funding do participating schools receive?
- Are there equal numbers of rural and urban schools participating?

I look forward to receiving your response by Monday **13th December**.

Yours sincerely,

William Humphrey
Chairperson
Public Accounts Committee
