1.	BACKGROUND
1.1	The Sports Sustainability Fund was launched on the 4 th December 2020. The purpose of the Fund was to help sports to withstand the worst (financial) impacts of Covid19 and to stabilise and sustain sports. The scheme was open to recognised governing bodies of sport and their affiliated clubs and entities; these latter bodies were required to apply through their governing body. Sport NI designed this safeguard into the Fund, recognising the role of governing bodies in providing leadership to their clubs and the important administrative support that this would provide to Sport NI in Fund implementation and delivery.
1.2	The Sports Sustainability Fund closed on 20 Jan 2021, with 42 applications brought forward for assessment and verification, requesting a total of (approx.) £24.9m (within programme budget of £25m).
1.3	 Members will recall that: 42 applications were submitted to the Sports Sustainability Fund portal, of which five were from sports clubs; SNI has been assessing 37 eligible governing body applications; Applications from four sports (football, GAA, rugby & golf) requested cumulative sums >£500,000 and require a Board decision, as per SNI Scheme of Delegation; Eight applications requested sums in the range =>£100,000 and <£500,000 and require CEO approval (also in line with SNI Scheme of Delegation); 25 applications requested amounts <£100,000 and require Grade 7 approval.
2.	UPDATE
2.1	Over the last four weeks, the Sport Sustainability Fund project team have assessed and verified
	applications in line with all relevant SNI policies and programme-specific procedures.
