Dear Ms McArdle

Thank you for your correspondence on the 24 October. Members of the Northern Ireland Meat Exporters Association (NIMEA) and myself have discussed in detail, the matters raised in your letter. Collectively we are anxious to assist the Committee in its knowledge understanding of the meat processing industry. Which we believe would be best accomplished through a collective industry response which will be submitted before Wednesday 7th November as requested.

Yours Sincerely

A handwritten signature in black ink, appearing to read 'Gerry Maguire'.
