The Chairperson informed Members that the Committee would resume informal deliberations on the Climate Change (No.1) Bill and, in particular, miscellaneous clauses and other issues.

Northern Ireland  
Assembly

The Chairperson reminded Members that a number of stakeholder groups had suggested that the Preamble to the Bill should be amended to include a specific reference to adaptation.

**Agreed:** The Committee agreed to consider an amendment that the Preamble should be changed to to read “*A Bill to enable the mitigation and adaptation of the impact of climate change*”.

**Agreed:** The Committee agreed that Clare Bailey would liaise with the Clerk and Bill officials with regards drafting amendments to Clause 12 in response to queries that were raised by the Department.

The Committee considered a range of issues that were highlighted by stakeholders via its call-for-evidence and how it should address these:

- The potential inclusion of a clause on the development of greenways/green infrastructure;
- The potential need to ensure gender-proofing of climate change mitigation policies;
- The insertion of wording to eliminate the use of fossil fuels; and,
- The establishment of energy efficiency standards of fuel poor homes;
- Reviewing the carbon accounting processes locally so that carbon sequestered on farmland is “credited” to this sector;
- Reviewing the issues and constraints within the planning sector that may inhibit implementation of green infrastructure;
- Taking forward a land strategy to allocate proportionately sufficient land to support carbon sequestration;
- How the public should be educated and supported with regards climate change policy

**Agreed:** Members agreed that Clare Bailey would bring forward a proposed amendment in respect of gender proofing climate change policies, as part of the “Just Transition” principles in the Bill

**Agreed:** Members agreed that the remaining issues would be best addressed via recommendations in its Bill report, as opposed to amending the Bill as drafted
