

Severe Fetal Impairment Abortion (Amendment) Bill

Good day Health Committee Clerk.

My wife and myself firmly believe that the Severe Fetal Impairment Abortion (Amendment) Bill is essential to prevent the terrible injustice of babies being aborted because they have a disability.

To kill or abort a baby before it is born because of disability is so contrary to a civilised and 'open to all' / 'everyone is welcome' society.

We believe it makes a mockery of the disability discrimination laws to stop unborn children the right to live because of their disability.
