

Dear Sir/Madam,

In a society where the uniqueness and sanctity of ALL human life is gradually being eroded, I implore you to have the courage to stand up against the murder of humans that do not fit a certain profile being forced on us by those who have 'the clout'.

Life is so precious. How could you possibly condone murdering a baby in the womb simply because he/she has a club foot or hair lip!!

Please support Mr. Givan's amendment to maintain life. You can then look your grandchildren in the eye and tell them that you contributed much in your life.

Thank you.
