

Northern Ireland Abortion Bill

Dear Sir,

I'd like to say that I support the above Bill.

1 However, since none of us is perfect, it does not seem right that the Bill only seeks to protect the unborn child that has not got a "disability".

2 If the Bill isn't changed to protect those with a disability, how does that impact on the mental health of adults and children who are currently living with a disability? What does that make them feel?

3 How does this (lack of support for any disabled foetus) fit in with the desire for equality – and the current fight against discrimination? Answer is – it doesn't.
