Dear Paul

Domestic Abuse & Family Proceedings Bill

Further to your letter dated 10 September 2020 in respect of the Policing Board's view on the Domestic Abuse and family Proceedings Bill and the specific issue relating to the research paper from the NI Assembly Research and Information Sharing between Police Forces and the Home Office in relation to migrant victims of domestic abuse.

The specific nature of the request has not been considered by the Policing Board previously and recognising the limited time for the Committee to complete the Committee Stage, I am not able to bring it to the Board for consideration within the timescale afforded.

The Board will be sighted on the PSNI response and should any issues arise at the next meeting of the Board on 1 October in respect of same, we will revert to you.

Yours sincerely

Doug Garrett
