**To: Christine Darrah
Clerk to the Committee for Justice**

Subject: Protection from Stalking Bill – Call for Evidence.

At its meeting yesterday the Committee for Infrastructure considered your correspondence regarding the Protection from Stalking Bill and agreed to forward it to the Department for Infrastructure for comment and request that it outlines the extent to which it considers safety and security of the public in its infrastructure projects and the development of its policies. A copy of the Departments response will be forwarded to you when received.

I should be grateful if you would bring this matter to the attention of your Committee.

Regards

**Vincent Gribbin & Alison Ross
Clerks to the Committee for Infrastructure**
