Dear Fiona,

At its meeting on 15 May 2013, the Committee for Employment and Learning received a briefing from Departmental officials on Post 19 SEN Provision. The Departmental officials agreed to provide the following information:

- Information on the reasons for the decrease in the numbers of those in Higher Education with disabilities, particularly students with personal care support, hearing disabilities and visual disabilities, during the last seven years and whether this is a policy failure.
- Further information on any projects and programmes operating in the Fermanagh area to support those with learning disabilities when the leave education.

I should be grateful for a response by 30 May 2013.

Yours sincerely,

Cathie White
Clerk to the Committee
