

**Email from F Cushnahan's solicitor received 11 December 2015**

Dear Sir,

**RE: Sale of NAMA Assets in Northern Ireland**

As you are aware from previous correspondence we represent Mr Frank Cushnahan and we have already engaged with you on his behalf in relation to matters arising out of the above.

We have noted with horror the various references made by you about our client and in particular you have described our client as a "double agent" during a Committee session on Wednesday the 9<sup>th</sup> of December.

You will be aware of the sinister connotations of these words in the context of Northern Ireland and we now await a full transcript of Richard Bullick's evidence before considering whether we wish to engage further.

Yours faithfully

Joe Rice
