Dear Gearóid

### **Legislative Consent Motion (LCM) on the proposed Cap on Public Sector Exit Payments**

At its meeting today, the Committee received evidence from Trade Union representatives on the above LCM, during which various issues of concern were raised.

The Committee also considered issues raised in further correspondence on the LCM, including from the Committee for Education, the Equality Commission and the Northern Ireland Local Government Association (NILGA). In this regard, members agreed to request an urgent response from the Department to all of the further issues raised.

In relation to the correspondence from NILGA, members also agreed that this should be forwarded to the Department for direct response. This response should be copied to the Committee for information.

The aforementioned correspondence can be found on the Committee webpage at the following link (under written submissions):
