### **Committee Stage of the Human Transplantation Bill**

At its meeting on 18 November 2015, the Committee for Health, Social Services and Public Safety agreed its timetable for the committee stage of the Human Transplantation Bill.

The Committee agreed to seek an extension to committee stage to 5 February 2016.

In light of your comments during the second stage debate, the Committee also agreed that I would write to you to ask –

- a) What support can the Department provide to the Committee in terms of bringing forward amendments for its consideration in terms of strengthening the Bill?
- b) What support can the Department provide to the Bill Sponsor in terms of strengthening the Bill?

I should be grateful for a response as soon as possible, and preferably before the next meeting of the Committee on 25 November 2015.

Chairperson  
Committee for Health, Social Services and Public Safety
