

Dear Sir / Madam,

I would like to add my support for the Human Trafficking and Exploitation Bill (further Provisions and Support of victims) Bill introduced by Lord Morrow.

I recognise that the primary reason for trafficking into Northern Ireland is for sex and so I particularly welcome Clause 6 of Lord Morrow's Bill, which criminalises paying for sex. Clause 6 would directly address the principal source of demand for trafficking and do so more effectively than our current laws.

Yours sincerely,  
Melanie Leath
