10 (2) Any person who without reasonable excuse fails to comply with any condition imposed under subsection (1) requiring that person to inform the council of any event whereby financial assistance provided to that person under section 1 becomes repayable in whole or in part is guilty of an offence and liable—

(a) on summary conviction, to a fine not exceeding the statutory maximum; or

(b) on conviction on indictment, to a fine.

15 (3) Subsection (4) applies for the purpose of enabling the council—

(a) to determine whether any condition subject to which financial assistance is provided under section 1 is satisfied or is being complied with; or

(b) whether the financial assistance has become repayable in whole or in part in accordance with any such condition.

20 (4) The council may by notice require any person who has received financial assistance under section 1, and any person acting on behalf of that person, to give to the council such information, or to produce for examination by the council such books, records or other documents, as may be specified in the notice.

(5) Subject to subsection (6), a notice under subsection (4) may require—

(2) For paragraph (1) substitute—

“(1) The Department may provide financial assistance to any person doing or intending to do anything falling within paragraph (2) which benefits one or more areas of social need.”.

(3) In paragraph (2) for “the district” substitute “an area of social need”.

PART 2

DEVELOPMENT POWERS AND OTHER POWERS FOR PLANNING PURPOSES

Development and other powers of councils

Development schemes of councils

5.—(1) Where a council considers it expedient that any area in its district should be developed, redeveloped or improved as a whole the council may prepare a development scheme for the area.

(2) Where the Department considers that—

- (a) it is expedient that any area in the district of a council should be developed, redeveloped or improved as a whole,
 - (b) the development, redevelopment or improvement will be of significance to the whole or a substantial part of Northern Ireland, and
 - 5 (c) it is not appropriate or expedient for the development, redevelopment or improvement to be carried out under Part 7 of the Planning Order,
- the Department may direct the council to prepare a development scheme for the area.

(3) A development scheme under this section shall—

- 10 (a) define, by reference to a map, the area of the scheme; and
- (b) indicate in general terms the manner in which it is intended that the area should be laid out and the land therein used.

(4) In preparing a development scheme a council must have regard to—

- (a) the regional development strategy; and
- 15 (b) the council's current community plan (within the meaning of section 78(1) of the Local Government Act (Northern Ireland) 2014).

(5) A development scheme prepared by a council has no effect unless adopted by the council in accordance with section 6.

- 20 (6) It is the duty of a council to comply with any direction given to it under subsection (2).

Adoption of development schemes by councils

6.—(1) Where it has prepared a development scheme, a council shall submit the scheme to the Department and—

- 25 (a) shall consider any comments notified to the council by the Department or any other Northern Ireland department within the period of 28 days from the date on which the scheme is submitted or such longer period as the Department may direct; and
- (b) may, if it thinks fit, amend the scheme.

(2) The council shall then publish in two successive weeks in one or more newspapers circulating in the locality to which the scheme relates a notice—

- 30 (a) describing the area to which the scheme relates and referring to the preparation of the scheme;
- (b) specifying the place at which copies of the scheme may be inspected at reasonable times; and
- 35 (c) stating the time (not being less than 28 days from the last of the publications of the notice) during which objections to the scheme may be sent to the council.

(3) If—

- (a) no objections are made to a development scheme, or
- 40 (b) all objections to a development scheme are withdrawn,

the council may, subject to subsection (5), by order adopt the scheme with or without amendment.

(4) If objections made to a development scheme are not withdrawn the council shall, unless it considers them to be solely of a frivolous or vexatious nature—

(a) cause a public local inquiry to be held by the planning appeals commission, and

5 (b) consider any objections not withdrawn and the report of that commission, and may, subject to subsection (5), thereafter by order adopt the scheme with or without amendments.

(5) A council shall not adopt a scheme under subsection (3) or (4) unless the scheme has been submitted to, and approved by, the Department.

10 (6) A council may at any time prepare amendments to so much of an adopted development scheme as relates to the manner in which the area of the development scheme is to be laid out and the land therein used.

(7) Section 5 and (5) and subsections (1) to (5) above apply in relation to such amendments to a scheme as they apply in relation to the original scheme.

15 **Acquisition of land by councils for planning purposes**

7.—(1) A council may, by agreement or compulsorily, acquire any land in its district where it is satisfied—

(a) that the land is required in connection with a development scheme;

20 (b) that it is expedient in the public interest that the land should be held together with land so required;

(c) that the land is required for development or redevelopment, or both, as a whole for the purpose of providing for the relocation of population or industry or the replacement of open space in the course of the redevelopment or improvement of another area in its district as a whole; or

25 (d) that it is expedient to acquire the land for a purpose which it is necessary to achieve in the interests of the proper planning of an area in which the land is situated.

(2) Where the council acquires a lesser estate than a fee simple in any land under section 196 of the Planning Act (Northern Ireland) 2011, the council may by
30 agreement or compulsorily acquire such estates in the land as it considers expedient in the public interest.

(3) A council shall not acquire any estate in Crown land under this section unless—

35 (a) it is an estate which is for the time being held otherwise than by or on behalf of the Crown; and

(b) the appropriate authority consents to the acquisition;

and “appropriate authority” and “Crown land” are to be construed in accordance with section 212 of the Planning Act (Northern Ireland) 2011.

40 (4) Proceedings for the acquisition of land in connection with a development scheme may be taken concurrently (so far as practicable) with proceedings required by section 6 to be taken in connection with the adoption of the development scheme; but a vesting order vesting any such land in the council shall not be made until the development scheme has been adopted.

(5) In determining whether to make a vesting order on the application of a council, the Department may disregard any objection to the proposed order which, in the opinion of the Department, amounts in substance to an objection to the provisions of the local development plan defining the proposed use of that or any other land.

(6) In this Part any reference to the acquisition or appropriation of land for planning purposes is a reference to—

(a) its acquisition under this section; or

(b) its appropriation under section 96(6) of the Local Government Act (Northern Ireland) 1972 for any purpose mentioned in subsection (1).

(7) In this section, in relation to any area—

“re-location of population or industry” means the rendering available elsewhere than in that area (whether in an existing community or a community to be newly established) of accommodation for residential purposes or for the carrying on of business or other activities, together with all appropriate public services, facilities for public worship, recreation and amenity, and other requirements, being accommodation to be rendered available for persons or undertakings who are living or carrying on business or other activities in that area and whose continued or resumed location in that area would be inconsistent with the proper planning of that area;

“replacement of open space” means the rendering of land available for use as an open space, or otherwise in an undeveloped state, in substitution for land in that area which is so used.

Disposal of land held by councils for planning purposes

8.—(1) Where any land acquired or appropriated by a council for planning purposes is for the time being held by that council for those purposes, the council may dispose of the land to such person as may appear to it to be expedient in order to secure—

(a) the best use of that or other land and any buildings or works which have been, or are to be, erected, constructed or carried out on thereon, whether by the council or by any other person, or

(b) the erection, construction or carrying out on the land of any buildings or works appearing to the council to be needed for the proper planning of the area in which the land is situated.

(2) On the termination of any tenancy of any premises let by a council under this section, possession of the premises may (without prejudice to any other method of recovery) be recovered by the council in a summary manner under Articles 67 to 74 of the Magistrates’ Courts (Northern Ireland) Order 1981 whatever may be the rent or term of the tenancy.

Development of land held by councils for planning purposes

9.—(1) A council may erect or construct any building or carry out any work on any land to which this section applies.

(2) A council may enter into an agreement with any person for the development of any land to which this section applies.

(3) A council may maintain, repair and generally manage any buildings or works on land to which this section applies.

5 (4) This section applies to any land which—

(a) has been acquired or appropriated by the council for planning purposes; and

(b) is for the time being held by it for those purposes.

(5) The Department may by regulations make provision—

10 (a) requiring prescribed details of a proposed exercise by a council of its powers under subsection (1) or (2) to be given to the Department in prescribed cases; and

(b) where such notice is required to be given in any case, for prohibiting the exercise by a council of its powers under those subsections in relation to that case until the expiration of such period from the giving of the notice as is prescribed.

15

(6) In subsection (5) “prescribed” means prescribed by regulations under that subsection.

(7) Regulations under subsection (5) are subject to negative resolution.

20 **Powers of council before acquisition of land for planning purposes**

10. Where a council proposes to acquire land compulsorily under section 7, it may, at any time after the date of the publication of the notice mentioned in paragraph 2(a) of Schedule 6 to the Local Government Act (Northern Ireland) 1972 in relation to that land—

25 (a) enter into an agreement with any person for securing the disposal of the land (in accordance with section 8) after that land has been acquired for planning purposes;

(b) exercise the power under subsection (2) of section 9 in relation to the land as if the land were land to which that section applies.

30 **Extinguishment by council of right of way over land held for planning purposes**

11.—(1) Where any land acquired or appropriated by a council for planning purposes is for the time being held by that council for those purposes, the council may by order extinguish any public right of way over the land where it is satisfied that the extinguishment of the right of way is necessary for the proper development of the land.

35

(2) Before making an order under this section, the council shall publish in at least one newspaper circulating in the relevant area a notice—

(a) stating the general effect of the order;

40 (b) specifying a place in the relevant area where a copy of the draft order and of any relevant map or plan may be inspected by any person at all reasonable hours during a period of 28 days from the date of publication of the notice; and

(c) stating that, within that period, any person may by notice to the council object to the making of the order.

5 (3) Not later than the date on which that notice is so published, the council shall serve a copy of the notice, together with a copy of the draft order and of any relevant map or plan, on—

(a) any statutory undertaker having any cables, mains, pipes or wires laid along, across, under or over any land over which a right of way is to be extinguished under the order; and

10 (b) the operator of an electronic communications code network for the purposes of which any electronic communications apparatus is kept installed along, across, under or over any such land.

(4) The council may cause a public local inquiry to be held by the planning appeals commission to hear objections to the proposed order.

15 (5) After considering any objections to the order which are not withdrawn and, where a public local inquiry is held, the report of the planning appeals commission, the council may make the order either without modification or subject to such modifications as it thinks fit.

(6) Where the council makes an order under this section the council shall publish, in the manner specified in subsection (2), a notice—

20 (a) stating that the order has been made; and

(b) naming a place where a copy of the order may be seen at all reasonable hours;

and subsection (3) shall have effect in relation to any such notice as it has effect in relation to a notice under subsection (2).

25 (7) In this section “the relevant area”, in relation to an order, means the area in which any land to which the order relates is situated.

(8) Where—

(a) an order is made under this section, and

30 (b) immediately before the date on which the order became operative there was, under, in, on, over, along or across the right of way any electronic communications apparatus kept installed for the purposes of an electronic communications code network,

35 the operator of that network shall have the same powers in respect of that apparatus as if the order had not become operative, but the council shall be entitled to require the alteration of the apparatus.

(9) If the operator of an electronic communications code network—

(a) removes any electronic communications apparatus in circumstances in which subsection (8) applies, and

(b) serves a notice on the council notifying the council of the removal,

40 the operator shall be entitled to recover from the council the expense of providing, in substitution for the apparatus and any electronic communications apparatus connected therewith which is rendered useless in consequence of the removal, any electronic communications apparatus in such other place as the operator may require.

(10) Paragraph 1(2) of the electronic communications code (alteration of apparatus to include moving, removal or replacement of apparatus) applies for the purposes of subsections (8) and (9) as it applies for the purpose of that code.

5 (11) Paragraph 21 of the electronic communications code (restriction on removal of apparatus) applies in relation to any entitlement conferred by this section to require the alteration, moving or replacement of any electronic communications apparatus as it applies in relation to an entitlement to require the removal of any such apparatus.

10 (12) Expressions used in this section which are defined in paragraph 1(1) of Schedule 17 to the Communications Act 2003 have the meanings given there.

15 **12.**—(1) The power in subsection (2) is exercisable by a council for the purpose of enabling the council to make an order or issue or serve a notice or other document which it is authorised or required to make, issue or serve by any provision of this Chapter.

(3) That period is the period of 21 days from the date on which the notice is served, or such longer period as may be specified in the notice or as the council may allow.

(b) the name and address of any other person known to that person as having an estate in the premises.

30 (5) Any person who, without reasonable excuse, fails to comply with a notice served on that person under subsection (2) is guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.
