Note to Readers:

Please find below a copy of the NIAC's Standard Terms and Conditions for the Provision of Goods and Services.

The NIAC has invested considerable resources in the development of these Terms and Conditions of Contract. The NIAC will not enter into negotiations in respect of these terms and conditions. However, the NIAC may consider minor changes where this is necessary to add clarity to the terms and conditions or to resolve issues raised by Tenderers prior to the submission of tenders or quotations.

Therefore, should a tenderer have concerns, these must be addressed prior to submitting a bid or quote. Tenderer's comments or issues, if any, must be detailed in writing via the eTendersNI portal for over £30,000 or email direct to the buyer for up to £30,000. The appropriate instructions will be included in the appropriate tender or quotation documentation. Such correspondence must be conducted and indeed agreement reached prior to the closing date of the competition.

Prior to release of bid or quotation competitions, the buyer will review and amend as appropriate for each specific contract or quote. In doing so, the buyer may seek advice from the NIAC's Legal Services.

Readers will find some commentary in red through the document which will highlight areas most regularly amended.

the Contractor, unless the Contractor notifies the Commission to the contrary within seven days of receipt.

- 17.6. The Commission may make temporary accommodation on the Premises available to the Contractor to facilitate delivery of the Contract. This temporary accommodation is made available to the Contractor on a non-exclusive licence basis. - 17.7. Should the Contractor require modification to the Premises, such modifications will require the prior written approval of the Commission and will be carried out by the Commission at the expense of the Contractor. - 18.2. Nothing in this Contract shall exclude or limit the liability of either of the Parties for—
- (a) death or personal injury resulting from its negligence or that of its directors, employees or agents; or

- 18.3. The Contractor must indemnify the Commission against all claims, proceedings, actions, damages, costs, expenses and any other liabilities (including any damages, compensation or sum which the Commission may pay to compromise or settle any claim and associated legal costs) which may arise out of, or in consequence of any or all of—
- (a) the supply, or the late or purported supply, of the Services/Goods;
 - (b) the performance or non-performance of obligations under the Contract by the Contractor or the Contractor's Staff; and
 - (c) the presence of the Contractor or the Contractor's Staff on the Premises including without limitation any death, Personal Injury or Loss (including financial loss arising from any advice the Contractor gives or omits to give) and any other Loss which is caused directly or indirectly by the act or omission of the Contractor or the Contractor's Staff.
- 18.4. The limit of the indemnity which the Contractor must provide under Clause 18.3 is—
- a) unlimited in respect of those matters set out at clause 18.2; and
 - b) otherwise a maximum of [**insert maximum indemnity**] in respect of any one said incident or series of incidents.
- 18.5. The Contractor will not be responsible for indemnifying the Commission under Clause 18.3 to the extent that the Contractor demonstrates that the Loss or Personal Injury was not caused or contributed to by the negligence or default of the Contractor or the Contractor's Staff.
- 18.6. Without prejudice to the generality of this Condition, the Contractor's obligation under this Condition includes indemnifying the Commission for any payment made

under any Sickness or Injury Provision in connection with any Personal Injury suffered by Commission Employees.

- 19.1. The Contractor must effect and maintain with a reputable insurance company a policy or policies of insurance to an insured value of not less than **[insert maximum indemnity]** in respect of all risks which the Contractor may incur in the performance of the Contract including those liabilities outlined in Condition 18. Such policy or policies shall include cover in respect of any financial loss arising from any advice which the Contractor has given or omitted to give.
- 19.2. The Contractor must ensure that any Sub-contractor, agent or consultant associated with the Contractor in the delivery of the Contract effect and maintain with a reputable insurance company a policy or policies of insurance providing an adequate level of cover in respect of all risks which may be incurred by those persons arising out of their involvement in the provision by the Contractor of the Services/Goods.
- 19.3. Where in the opinion of the Commission the risks arising from the Contract have increased, the Commission may seek to amend the minimum level of insurance cover which the Contractor must effect and maintain under this Condition by a formal variation in accordance with Condition 8.
- 19.4. Possession of a policy or policies of insurances for the purposes of this Condition does not relieve the Contractor of any liabilities under the Contract.
- 19.5. Where appropriate the Contractor must effect and maintain professional indemnity insurance cover to an insured value of not less than **[insert maximum indemnity]** during the Contract Period.
- 19.6. The Contractor will on request produce to the Commission Representative copies of all insurance policies relevant to this Condition, or other evidence (for example a broker's verification of insurance) confirming the existence and extent of the cover given by those policies, together with such receipts or other evidence of payment of the latest premiums due under those policies which the Commission may reasonably require.
- 19.7. If, for whatever reason, the Contractor fails to give effect to and maintain the insurance required by the provisions of the Contract the Commission may make alternative arrangements to protect the interests of the Commission, or as the case may be the Northern Ireland Assembly, and may recover from the Contractor the costs of such arrangements.

19.8. Insurance under this Condition shall be maintained in respect of such liabilities which the Contractor may have incurred in performance of the Contract for a minimum of six years following the expiration or any earlier termination of the Contract.

- 20.2. Where the Contractor is or may be liable to indemnify the Commission in respect of any claim or proceedings the Contractor or the Contractor's insurers will, subject to the rest of this Condition, be responsible for dealing with or settling that claim or proceeding.
- 20.3. Where any claim or proceeding to which Condition 18 applies is settled otherwise than by the Contractor or the Contractor's insurers, the Contractor shall not be required to pay by way of indemnity any sum greater than that which would be reasonably payable in settlement having regard to the circumstances of the case and in particular to the damages which might reasonably be recoverable at law.
- 20.4. If, when the Contractor or the Contractor's insurers are dealing with any claim or proceeding to which Condition 18 applies, and any matter or issue arises which involves or may involve any privilege or special right accorded to the Commission or to the Northern Ireland Assembly, the Contractor or the Contractor's insurers shall consult the Commission before taking any further action on the matter, and must act in relation thereto as may be required by the Commission; and if either the Contractor or the Contractor's insurers fail to comply with this Condition, Clause 20.2 shall cease to apply.

21. Force Majeure

- 21.1. The Contractor will not be in breach of the Contract and will not be liable to the Commission by reason of any delay or any other failure on the part of the Contractor in performing any of the obligations under this Contract where the delay or failure is in the reasonable opinion of the Commission attributable to any cause beyond the reasonable control of the Contractor and which is not attributable to any act or failure on the Contractor's part to take preventive action.
- 21.2. Any failure or delay by the Contractor in performing the obligations under the Contract which results from any failure or delay by any of the Contractor's Staff shall be regarded as attributable to a cause beyond the reasonable control of the Contractor only if that the Contractor's Staff are impeded in complying with any obligation to the Contractor by a cause beyond their reasonable control.

21.3 Causes beyond the reasonable control of the Contractor or the reasonable control of the Contractor's Staff include but are not limited to natural disasters, national emergencies, and civil wars but do not include any industrial action by the Contractor or the Contractor's Staff.

PART 4: REMEDIES

22. Remedies in the Event of Unsatisfactory Performance

- 22.1. If the Commission is of the opinion that the Contractor or the Contractor's Staff are in Default, then, if the Default or other failure is capable of remedy, the Commission may send to the Contractor a notice specifying the Default and stating the time within which the Contractor must remedy the Default and put right any damage resulting from it.

- 22.3. Those actions are—
- (a) in respect of such of the Services/Goods as the Contractor has failed to provide, the Commission may deduct from any payment due to the Contractor an amount which in the reasonable opinion of the Commission reflects the loss arising to the Commission or the Northern Ireland Assembly from the non-provision of those Services/Goods;
 - (b) The Commission may, without terminating the Contract, procure such part of the Services/Goods as the Contractor has failed to provide, until such time as the Contractor demonstrates to the reasonable satisfaction of the Commission an ability once more to provide that part of Services/Goods, and in the meantime the Commission will be entitled to exclude the Contractor and the Contractor's staff from the Premises;
 - (c) The Commission may, without terminating the whole of the Contract, terminate the Contract in respect of that part of the Services/Goods which in the reasonable opinion of the Commission the Contractor has failed to provide (whereupon the Commission will make a corresponding deduction in the amount payable under the Contract) and thereafter the Commission may provide, or procure a third party to provide, such part of the Services/Goods as the Contractor has failed to provide;
 - (d) The Commission may terminate the whole of the Contract in accordance with Condition 27.
- 22.4. Where the Commission provides, or procures a third party to provide, such part of the Services/Goods as the Contractor has failed to provide, the Commission may charge

to the Contractor any costs reasonably incurred including reasonable administration costs in respect of that part of the Services/Goods, to the extent that such costs exceed the payment which would otherwise have been payable to the Contractor for the delivery of those Services/Goods.

- 22.5. In the event that through any Default by the Contractor or the Contractor's staff, data transmitted or processed in connection with the Contract is either lost or sufficiently degraded so as to be in the reasonable opinion of the Commission unusable, the Commission may—
- (a) require the Contractor at his own expense to restore or procure the restoration of the data (and the Contractor must do so promptly); or
 - (b) the Commission may restore or procure the restoration of data, and charge to the Contractor any costs reasonably incurred in doing so.
- 22.6. The remedies available to the Commission under this Condition may be exercised successively in respect of any one or more Defaults by the Contractor or the Contractor's staff and will survive the expiry or termination of the Contract.

23. The Contractor's remedies for non-payment

- 23.1. If the Commission fails to pay to the Contractor the whole or part of the Contract Price when it falls due, the Contractor must give notice specifying the breach and requiring its remedy. In the event that the Commission fails to remedy the breach within 90 days, the Contractor may terminate the Contract.
- 23.2. The Contractor's right of termination under this clause does not apply to non-payment where such non-payment is due to the exercise of the rights of the Commission under Clause 7.10.

24. Remedies Cumulative

- 24.1. All remedies available to the Contractor or to the Commission for breach of this Contract are cumulative and may be exercised concurrently or separately, and the exercise of any one remedy shall not exclude the exercise of other remedies.

25. Waiver

- 25.1. The failure of either Party to exercise any right or remedy shall not constitute a waiver of that right or remedy.
- 25.2. No waiver shall be effective unless notice of the waiver is communicated to the other Party.

25.3. A waiver of any right or remedy arising from one breach of the Contract shall not constitute a waiver of any right or remedy arising from any other breach of the Contract.

Subject to Clause 14.14 (costs relating to the employment of Contractor's Staff) where the Commission terminates the Contract under this Condition, the Commission will indemnify the Contractor against any commitments, liabilities or expenditure which would otherwise represent an unavoidable loss to the Contractor by reason of the termination of the Contract.
