AQW 44465/11-15

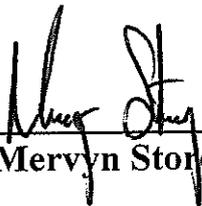

Mr Allister has asked

The Minister for Social Development to detail the amount of Neighbourhood Renewal funding allocated, or projected to be allocated, to each organisation in 2015/16; and the amount paid to each in the 2014/15 financial year.

Answer

In December 2014, in answer to AQW 39456/11-15, a list of projects and level of funding provided was sent to the NI Assembly Library. The funding allocated to projects for the 2014/15 financial year was included on this list. As organisations have up to 3 months to submit claims for payment for services provided, it is not possible at this time to give the final amount paid to each in respect of 2014/2015. A list of Neighbourhood Renewal funded projects, and their projected allocated funding for the 2015/2016 financial year can be accessed through the NI Assembly Library.
