To ask the Minister for Regional Development (i) to detail the (a) matched; and (b) unmatched European Union funding her Department has spent in Foyle in each of the last ten years; and (ii) where this money was spent.

**ANSWER**

My Department sourced a total of £98.57m of EU funding over the last ten years; all of which is matched. I have placed the information in the Assembly Library to this answer setting out details of all funding secured by year, project and funding source for the last 10 years. It is not possible to provide a total of expenditure disaggregated to a constituency level. An overarching premise of competitive EU funding is that the beneficial impacts of receiving said are evidenced in regional, national and EU added-value terms.
