Annex A

Please find attached in Annex A the breakdown of Supporting People funded Services provided in Belfast, including service descriptions and maximum annual funding values. Please be advised that some services detailed cannot be broken down to a Postcode level as this information is either not publically available or the service does not have an address, as it is delivered in a dispersed manner into people's homes across a wide geographical area, for example Floating or Peripatetic Support. Please note that while all of these dispersed services are provided in Belfast, some can also be delivered across a wider geographical area.
