Hi Phil

I hope this finds you well.

Firstly, thank you for agreeing to present to the Committee next week and for the very interesting paper that you have provided. I look forward to meeting you and hearing your thoughts. I do note, however, that you have indicated that the paper is not for circulation. The Northern Ireland Assembly Standing Orders and guidance indicates that all evidence presented on Primary Legislation should be in an open and transparent forum. Indeed, a formal record (Hansard) and recording of the meeting next week will be undertaken. In addition, the Committee will produce a report, including written and oral

evidence, at the conclusion of their deliberations.

I would be very grateful, therefore, if you could indicate that you are content to have your paper included in the Committee Report and to be debated at the meeting next week. I am happy to have the record noted that this is policy in development if this aids you.

I am due back into the office tomorrow and I am available on either or mobile (probably best)

Again, thank you for your assistance.

Regards

Paul Carlisle
Clerk to the Committee for Regional Development
