

- Do you believe that there needs to be reform of the political institutions (i.e. the Northern Ireland Assembly and the Northern Ireland Executive Committee)?
- If you **do not** believe that institutional reform is necessary, why do you consider this to be the case?
 - How might the functioning and stability of the institutions be improved in the absence of institutional reform?
- If you **do** believe that institutional reform is necessary, why do you consider this to be the case?
 - What specific reforms would you propose? (
 - What do you consider would be the potential benefits of the proposed reforms, including to the functioning and stability of the institutions? How could these be realised?
 - What do you consider would be the potential drawbacks, challenges and other implications of the proposed reforms? How could these be addressed or managed?
 - What would you consider to be the priority areas for reform?
 - How could the proposed reforms be implemented?
 - What are the timescales you think are achievable for the delivery of the proposed reforms?
- Please provide any additional information which you consider relevant to the Review terms of reference.
