
Register of Members' Interests

Introduction

This Register of Members' Interests reflects the interests of Members of the Legislative Assembly (MLAs) as they stood at **3 July 2026**. Please note that, where there are no interests included under an individual category, the Member has indicated that they have no registerable interests in relation to that category. Where applicable, any updates made following publication of the last version of the Register are highlighted throughout this document with a yellow background and the † symbol.

It should also be noted that a **live version of the Register**, which is continually updated, is published online at the following link: <http://aims.niassembly.gov.uk/mlas/registerofinterests.aspx>

Purpose of the Register

The main purpose of the Register of Members' Interests is to give public notification on a continuous basis of those financial interests (i.e. as specified in categories 1 to 7) held by Members which might reasonably be thought to influence the way in which they act in their capacity as a Member of the Assembly. Provision is also made for the registration of non-financial interests (i.e. as specified in categories 8 and 9) and other such information as the Assembly may from time to time require to be included. The nine categories of registrable interests are described below. You should refer to the "Code of Conduct and Guide to the Rules relating to the Conduct of Members" for further information. Apart from the specific rules, there is a more general obligation upon members to keep the overall definition of the Register's purpose in mind when registering their interests.

Form of the Register

The entries in the Register are designed to give a clear description of the nature and scope of the interests declared. Each Member is, however, ultimately responsible for his or her own entry; inconsistencies of style or content in the Register are attributable largely to that fact.

The Advocacy Rule

Members are prohibited not only from advocating or initiating any matter on behalf of any other person in return for payment or benefit, but also from conferring benefit exclusively upon a body or individual outside the Assembly from which they have received, are receiving or expect to receive a financial or material benefit. Further detail is set out in the Code and Guide.

The Categories of Registrable Interests

The form supplied to Members for the registration of their interests is divided into nine sections, which are represented in this Register by the following headings:

1. Employment and Earnings

This is the category for Members to register any directorship, employment (including self-employment), office held, partnership, trade, profession, or vocation which is remunerated or in which the Member has any financial interest. Members are also required to register the amount of any remuneration they have received, or expect to receive, in respect of each relevant entry and the average approximate hours spent in relation to that remuneration. Remuneration includes not only salaries, fees and payments in kind; but also gifts received in recognition of services performed, taxable expenses, allowances and benefits such as company cars, and ex gratia payments.

2. Donations and other support

Members are required to register under this category:

Support (including support in kind) received for their activities as a Member, or for candidacy at an election for Assembly or non-Assembly office, or for their political activities which has a value of more than £1,000, either as a single donation or in multiple donations of more than £200 from the same source in a calendar year. However, donations made directly to a constituency party as an expression of general political support, not linked to the Member's candidacy or membership of the Assembly or political activities, should not be registered.

3. Gifts, benefits and hospitality

This section is for the registration of any gift, benefit or hospitality received by the Member or any third party, with a value of over £250, from any Government, organisation, company or individual which in any way relates to membership of the Assembly (including those received in a ministerial capacity) or to the Member's political activities.

4. Visits

This section covers, with certain specified exceptions, details of any travel, accommodation and hospitality with a value of over £250 provided either to the Member or any third party, when the purpose of the visit relates to the Member's membership of the Assembly (including those received in a ministerial capacity) or political activities.

5. Shareholdings

In this section Members are required to register shareholdings or share options held, either by the Member personally or with or on behalf of a third party (e.g. partner, child, friend, member of staff or company in which they have a controlling interest). This includes any shares which are managed by a trust (other than a blind trust or similar delegated management arrangement) and any holdings in sector-specific vehicles; and or interests in any kind of partnership where either the value of the holdings:

- (i) amount to more than 1 percent of the issued share capital of that company, or more than 1 percent of a partnership; or
- (ii) are valued at more than £25,000.

6. Land and Property

The requirement in this section is to register any land or property - owned solely or with or on behalf of a third-party - either in the UK or elsewhere, other than any home used wholly for personal residential purposes of the Member, or the Member's partner or any dependent child of the Member, which

a) has a value of more than £50,000; or forms part of a total property portfolio whose value exceeds £50,000; and/or

b) alone or together with other properties owned by the Member, provides rental income of more than £5,000 in a calendar year irrespective of whether or not the Member receives any of that income.

7. Miscellaneous

In this section Members should register any relevant financial interest not falling clearly within one of the above categories.

8. Unremunerated interests

Members are required to list in this section any unremunerated interests which might reasonably be thought by others to influence how they act in their capacity as a Member of the Assembly.

9. Family members who benefit from Office Cost Expenditure

In this section Members should register details of any family members or family members of another Member who benefit directly or indirectly in any way from Office Cost Expenditure.

General

The publication of this Register has been carried out in accordance with Standing Orders 57(1)(b) and 69(1) - (3).

It is the responsibility of the Members to notify changes in their registrable interests within 28 days of the change occurring; and the Register will be continually updated in a live online version to take account of such amendments. Both the published Register and the live version are available on the Internet at the following address:

<http://www.niassembly.gov.uk/your-mlas/register-of-interests/>

Complaints

Advice on how to make a complaint is available by going to:

<http://www.niassembly.gov.uk/your-mlas/code-of-conduct/advice-on-making-a-complaint-against-a-member/>

AIKEN, Steve OBE (*South Antrim*)
