

I am writing to you concerning the abortion bill.

I oppose this Bill on the grounds that it is discriminatory against pro-life people. Freedom of expression is a fundamental Human Right! (RE: Articles 10 + 11 of the Human Rights Act).

Countless babies' lives have been saved through the selfless, timeless efforts of the pro-life people who are willing to give their time to this very worthy cause.

Mothers have been spared lives full of torment and anguish. It is wholly unfair for anyone to suggest taking away a woman's choice to seek an alternative to abortion which may be offered by pro-life groups outside abortion centres.

This Bill is totally unacceptable! Should this horrendous Bill be approved where will it end?

Thank you for considering my letter.
