

## **PRO-LIFE ACTION ALERT**

I AM OPPOSED TO THE 'ABORTION ZONES' BILL CRIMINALISING PRO-LIFERS.

- I write to strongly oppose to the 'Abortion Zones' bill criminalising pro-lifers.
- First and foremost, as a Catholic, I believe that life begins at conception and therefore abortion is morally wrong and that every human being, including an embryo or fetus, has the right to live and to reach their potential. The unborn baby is denied choice! Abortion destroys human life and makes life appear cheap and disposable and this affects the quality and value of life. God Almighty has only the power and right to life and death.
- This bill is oppressive to the people who fight for the unborn and who support crisis pregnancy in women and is discriminatory. All pro-life vigils are peaceful and almost always prayerful (recitation of the rosary).
- These abortion zones will rob vulnerable women of an alternative to abortion. Ask Majella and Precious life have evidence of lots of women offered help and support outside abortion centres, who decided to keep their babies.
- This bill is draconian and brutal! I beg you to please not introduce this 'abortion zone' bill for the sake of unborn babies and vulnerable women.
