04 March 2022

Dear Katrina,

At its meeting of 3 March 2022 the Committee welcomed your response to their letter of 18 February 2022 requesting further information regarding their on-going inquiry into 'Planning in Northern Ireland'.

However, they would like more clarity in respect of the 12,500 planning applications processed annually and how many of these applications were successful / unsuccessful.

I should be grateful for your response by 11 March 2022

Yours sincerely,

A handwritten signature in black ink, which appears to read 'William J. Humphrey'. The signature is written in a cursive style with a large, looping 'H' at the end.

**William Humphrey  
Chairperson  
Public Accounts Committee**
