Dear Mike,

Memorandum of Reply on Access to General Practice in NI

At its meeting on 21 May 2026, the Committee considered an update from the Department, dated 8 May 2026, on progress and developments relating to the Committee's report on 'Access to General Practice in Northern Ireland' since issuance of the Memorandum of Reply.

The Committee noted the additional information provided and the areas of progress outlined in the update, and agreed to receive a further update within six months.

The further update should include details of measurable improvements in patient access, progress against implementation milestones, workforce planning, complaints analysis, GP access standards, and delivery of the Neighbourhood Model.

Yours sincerely

**Daniel McCrossan
Chairperson
Public Accounts Committee**
