Dear Jamie

The Public Accounts Committee (PAC) wishes to thank you for providing us with your discussion paper on how to 'Support Homeless Prevention in Northern Ireland' which was considered and noted at yesterday's meeting.

Members also considered the department's formal response to our report in their memorandum of reply which can be found [here](#). We will continue to monitor the implementation of all recommendations until we are satisfied that they have been satisfactorily implemented.

Yours sincerely

Daniel McCrossan
Chairperson
Public Accounts Committee
