Research and Information Service Briefing Note

Paper 00/000

14 May 2025

NIAR-123-2025

Windsor Framework Democratic Scrutiny Committee

Potential Witnesses List

DSC/05/2025

COM(2023) 451 final: proposal for a Regulation of the European Parliament and of the Council on circularity requirements for vehicle design and on management of end-of-life vehicles, amending Regulations (EU) 2018/858 and 2019/1020 and repealing Directives 2000/53/EC and 2005/64/EC.

RaISe

This information is provided to Members of the Legislative Assembly (MLAs) in support of their duties, and is not intended to address the specific circumstances of any particular individual. It should not be relied upon as professional legal advice, or as a substitute for it.

Introduction

This Briefing Note has been prepared in response to a request from the Clerk to the Windsor Framework Democratic Scrutiny Committee (the DSC) for RalSe to provide details of representatives of businesses and civil society who RalSe has identified as potentially being affected by the [proposal for a Regulation of the European Parliament and of the Council on circularity requirements for vehicle design and on management of end-of-life vehicles, amending Regulations \(EU\) 2018/858 and 2019/1020 and repealing Directives 2000/53/EC and 2005/64/EC](#) as outlined in COM(2023) 451 final. While a notification has not been received under paragraph 19(2) of Schedule 6B of the Northern Ireland Act 1998, in relation to the above proposed replacement EU act, the DSC has requested this briefing note to inform their preliminary examination of this proposed regulation.

In line with agreed arrangements relating to the operation of the DSC, the list provided below is not to inform DSC deliberations and decision-making on whether or not to undertake (or continue an existing) an inquiry relating to the proposal for a Regulation of the European Parliament and of the Council on circularity requirements for vehicle design and on management of end-of-life vehicles, amending Regulations (EU) 2018/858 and 2019/1020 and repealing Directives 2000/53/EC and 2005/64/EC. Instead, the list is intended for the DSC's consideration if it first decides to undertake such an inquiry.

In order to respond to the request for a 'short, focused list', RalSe has prioritised representative bodies which reflect the types of organisations which have engaged with the European Commission's consultation exercises on the proposal [COM(2023) 451].

If relying on the list, the DSC should note that it is not intended to be exhaustive; nor is it intended to communicate anything about the significance of the impact of the proposal for a Regulation of the European Parliament and of the Council on circularity requirements for vehicle design and on management of end-of-life vehicles, amending Regulations (EU) 2018/858 and 2019/1020 and repealing Directives 2000/53/EC and 2005/64/EC.

List of bodies and organisations

The list below contains the names of representative bodies and organisations which have been identified by RalSe in response to the request set out above:

Organisation	Type	Policy Area
Aluminium Federation	Trade Association	Manufacturing
British Glass	Trade Association	Glass
