Dear Edmund

COM (2023)395: Proposal to amend Regulation (EU) 2017/852 on mercury

At its meeting on Thursday 14 March 2024, the Windsor Framework Democratic Scrutiny Committee (DSC) heard evidence from The British Dental Association (BDA), Northern Ireland, in relation to COM (2023)395: a proposal to amend Regulation (EU) 2017/852 on mercury.

In both its written and oral evidence, the BDA raised concerns about the proposed EU act. The DSC agreed that the evidence should be drawn to the attention of the Joint Consultative Working Group.

The written evidence can be found [here](#). The Hansard of the session can be found [here](#) when it becomes available.

Yours sincerely

Marie Austin, Committee Clerk
