This information is provided to Members of the Legislative Assembly (MLAs) in support of their duties, and is not intended to address the specific circumstances of any particular individual. It should not be relied upon as professional legal advice, or as a substitute for it.

## Introduction

This Briefing Note has been prepared in response to a request from the Clerk to the Windsor Framework Democratic Scrutiny Committee (the DSC) for RaISe to provide details of representatives of businesses and civil society who RaISe has identified as being affected (or who would be affected if the Regulation enters into force) by [Regulation \(EU\) 2024/3110 of the European Parliament and of the Council of 27 November 2024 laying down harmonised rules for the marketing of construction products and repealing Regulation \(EU\) No 305/2011.](#)

In line with agreed arrangements relating to the operation of the DSC, the list provided below is not to inform DSC deliberations and decision-making on whether or not to undertake (or continue an existing) inquiry relating to Regulation (EU) 2024/3110 of the European Parliament and of the Council of 27 November 2024 laying down harmonised rules for the marketing of construction products and repealing Regulation (EU) No 305/2011. Instead, the list is intended for the DSC's consideration if it first decides to undertake such an inquiry.

In order to respond to the request for a 'short, focused list', RaISe has prioritised representative bodies which reflect the types of organisations which have engaged with the European Commission's consultation exercises on the related proposal [[COM/2022/144 final](#)].

If relying on the list, the DSC should note that it is not intended to be exhaustive; nor is it intended to communicate anything about the significance of the impact of Regulation (EU) 2024/3110 of the European Parliament and of the Council of 27 November 2024 laying down harmonised rules for the marketing of construction products and repealing Regulation (EU) No 305/2011.
