I feel three months will allow schools and teachers or educators to prepare and purchase equipment.

Yes

If No please comment.:

### Final thoughts

12 Do you think there need to be any more clauses in this Bill?

Final thoughts:

I feel that it should be renewed annually, along with issuing of certificates to students. This allows them to get annual updates and makes their memory refreshed on the very important and life saving skill. I feel issuing students with certification will increase moral and attract more students to it as some may feel it will not be of use and they then can add the certificate to CV so they are also improving employability.
