DEPARTMENT OF HEALTH, SOCIAL SERVICES AND PUBLIC SAFETY

DATE FOR ANSWER: 23 December 2014

ORDINARY WRITTEN NO: AQW 39885/11-15

Ross Hussey, West Tyrone: To ask the Minister of Health, Social Services and Public Safety what equipment, including ancillary equipment, has been removed from Erne Hospital prior to demolition.

ORDINARY WRITTEN NO: AQW 39886/11-15

Ross Hussey, West Tyrone: To ask the Minister of Health, Social Services and Public Safety whether any of the equipment in operating theatres at Erne Hospital was (i) transferred to the new South West Acute Hospital; (ii) transferred to other hospitals within the Western Health and Social Care Trust; or (iii) offered to any other Health and Social Care Trust.

Jim Wells

Following the transfer of equipment to the new South West Acute Hospital, approximately 90% of the equipment remaining in the Erne Hospital prior to demolition was removed and taken to other Western Trust facilities.

In addition, following a public notice on 20 November 2013 calling for expressions of interests from charities, the remaining non-medical equipment was grouped into 29 lots and offered for charitable donation, with an additional 4 lots of overseas packages.

A small number of items of redundant medical equipment were assessed as not suitable for re-use. These items were safely disposed of in accordance with the trust equipment disposal policy.

A comprehensive list of all the equipment referred above is available in the NI Assembly Library. This list includes equipment from the operating theatres which was transferred directly to the new South West Acute Hospital and also to other Western Trust facilities

Signed and approved by the Minister for Health Social Services and Public Safety

Date: 15/12/2014
