AQW 7713/16-21

Mr Agnew has asked

The Minister for Communities, pursuant to AQW 6858/16-21, to outline the total amount of (i) development potential land held by the Northern Ireland Housing Executive; and (ii) existing open space land held by the Northern Ireland Housing Executive, broken down by Local Government district; and to provide a definition of each of these land types.

Answer

The Housing Executive has provided a list of existing open space land it holds, setting out its assessment of development potential. This information has been placed in the Assembly Library for your information.

The information is not available in the format requested but has been supplied on a NIHE District Office basis.

Temporary Open Space (TOS): A previous brown field site for which NIHE have extant or expired planning approval to use as open space – current TOS planning approval protects a site against Planning Policy Statement (PPS8) for future development;

Existing Open Space (EOS): Largely defined as amenity space within NIHE estates which is protected by PPS8 and therefore carries a presumption against future development unless an exception case can be made to Planning Service on the basis of social housing need, community support for development and sufficient available open space in the location.
