Question

AQW 8021/16-21

Sandra Overend has asked:

To ask the Minister of Education to list (i) every school building; and (ii) every piece of school land currently under the ownership of (a) his Department; (b) the Education Authority; (c) the CCMS; (d) protestant churches; (e) voluntary grammar schools; and (f) all other owners.

The Department of Education only has ownership of the Strule Shared Education Campus in Omagh. Schools constructed on this site will have leases put in place between the Department and the appropriate managing authority, transferring responsibility for the site from the Department to managing authorities.

Schools and any school land within the controlled and controlled integrated sectors are owned and managed by the Education Authority (EA) and will remain the EA's responsibility until they are declared surplus for educational use and are subsequently disposed of.

Those within the Roman Catholic Maintained, Other Maintained, Grant Maintained Integrated and Voluntary Grammar School sectors are owned and managed by Trustees/Boards of Governors. These are not public sector assets. The Council for Catholic Maintained Schools (CCMS) does not own any school buildings or school land.

There will be a few occasions, usually in the case of developing schools, where the land and/or school accommodation is leased to allow the school to reach its minimum enrolment threshold and qualify for capital funding for permanent accommodation.

The EA has provided a list of its schools and school land. Information has also been provided on schools in all other sectors.
