***“Supporting Notes:***

*\* For the period 1 April 2020 to 31 August 2023 Affordable Warmth was a targeted scheme. Local councils had responsibility for targeting, assessing eligibility and referring customers to the Housing Executive. The scheme's enquiry process changed in 2023. Since 1 September 2023, all private sector households who contact the Housing Executive's freephone Energy Advice Service are assessed for potential eligibility. Those who present as eligible, and therefore may benefit from the Affordable Warmth scheme, are transferred to the grants team to pursue a possible application.*

*The information requested includes Affordable Warmth Scheme figures which forms part of the quarterly and annual compendium publication of*

*housing statistics. Section 13(1) of the Statistics and Registration Services Act 2007, states that ‘the person producing any official statistics which are designated under section 12 as National Statistics must ensure that the Code of Practice for Statistics under section 10 continues to be complied with in relation to the statistics.’ Provision of this data before publication of the National / Official Statistic to which it relates would be a failure to comply with the Code in respect of T3: Orderly release. In both tables the figures provided for 2025/2026 reflect the periods Q1 01 March – 30 June 2025 and Q2 01 July – 30 September 2025. Therefore, information for Q2 of 2025-26 should not be made available until after the publication of the Housing Bulletin on 27th November 2025.”*
