AQW 54461/22-27

Danny Baker MLA has asked:
To ask the Minister of Education to provide a copy of the official 2017 Minor Works Programme list.

ANSWER

I have deposited a copy of the 2017 Minor Works Programme List in the Assembly Library. This represents the list which was produced when applications were assessed, scored and prioritised in line with the protocol and Ministerial priorities. Due to budget constraints, the Department and the Education Authority stopped systematically working through the list and the focus is currently on progressing unavoidable works which address urgent health and safety and statutory requirements.

Paul Givan MLA
Minister of Education
