Gerry Carroll MLA has asked:

To ask the Minister of Education to detail the number of Specialist Provision in Mainstream Schools classes, broken down by (i) school name; (ii) local council area or Education Authority area; (iii) type of class; and (iv) number of pupils supported in each class.

ANSWER

The information you have requested has been provided by the Education Authority (EA) and deposited in the Assembly Library.

The EA has advised that many of these details are also available at the following link.

Please note that the number of available places in each class type may vary due to the physical size of the classroom and the individually assessed profile of need among the cohort of pupils in the class.

Paul Givan MLA
Minister of Education
